Personal Blog/Daily Journal

Introduction: -

Blog contains information of various things related to Technology, Education and other ongoing activities. Blogging has become a mania and a new blog is being created every minute. The main aim of this project is that a user can post their views and thought and analyze themselves. It can also also be used as personal diary as this is a one user blog/Daily Journal.

Package and Requirement: -

Node.js: - Runtime environment for running JavaScript

Mongo DB: - Database for storing items

Atom Text Editor: - Text editor for writing source code.

Package Dependencies and installation Process: -

1)Express:

$ npm install express

const express = require("express");

const app = express();

 2)Body-Parser:

$ npm install body-parser

const bodyparser = require("body-parser");

3)Mongoose:

$ npm install mongoose

const mongoose = require("mongoose");

4)Lodash:

$ npm i -g npm
$ npm i --save lodash

const _ = require("lodash");

Output: -

Post

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet..", comes from a line in section 1.10.32.
